Framed

51x 61 cm

\$2160

## MYRIAM KIN-YEE

### Artist statement

My recent interest has been to examine the underlying phenomenon of geometry, abstract shape, colour, rhythm and composition that makes an image so compelling. For this exploration, I have focused mostly on the floral still life but I firmly believe the same 'hidden order' applies to every genre be it landscape, still life or figurative, whether the approach be representational, abstract or expressive. It also helps to have friends in the valley who are brilliant gardeners!
